Dear Parent or Carer,

I am delighted to be able to inform you that, after several years of planning and preparation, our long awaited building programme will be commencing next week.

The project is being funded by the Department for Education and will replace the main block of the school together with one of our smaller classroom blocks. These buildings were identified by a previous building condition survey as being in need of replacement.

Further details of the scheme can be found on the attached newsletter and on our website using the link below:

<https://claverham.e-sussex.sch.uk/newbuilding/>

Please be assured that we have worked tirelessly with the contractors, Bowmer + Kirkland, and the Department for Education to ensure that any possible disruption onsite is kept to an absolute minimum.

This project is an excellent opportunity for our school community and will see us with the much needed investment in our accommodation which our students and staff deserve. I look forward to keeping you updated about the progress of the scheme as it progresses over the next two years.

Yours sincerely

Mr P Swatton
Principal
